

INDEPENDENT SCHOOL DISTRICT NO. 150 - POLICY #534

School Meals Policy

I. PURPOSE

The purpose of this policy is to ensure that students receive healthy and nutritious meals through the school district's nutrition program and that school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy of the school district is to provide meals to students in a respectful manner and to maintain the dignity of students by prohibiting lunch shaming or otherwise ostracizing the student. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day and minimize identification of students with insufficient funds to pay for school meals as well as to maintain the financial integrity of the school nutrition program.

II. PAYMENT OF MEALS

A. All meal purchases are to be prepaid before meal service begins. Payments to a lunch account may be made at either school office or through the district website. All students in grades 7-12 may utilize the ala carte line at the high school site unless a parent requests in writing that their child(ren) are not allowed to do so; this is done on a yearly basis. All ala carte items purchased are charged to the family lunch account. These items are not included with a free/reduced-price meal. Therefore, families receiving free/reduced-price benefits must have adequate money in their family lunch account if they wish to have the ala carte available to their child(ren). A student who does not have sufficient funds will not be allowed to charge meals or a la carte items until additional money is deposited in the student's account.

B. If the school district receives school lunch aid under Minnesota Statutes section 124D.111, it must make lunch available without charge to all participating students who qualify for free or reduced-price meals regardless of account balance.

C. A student with an outstanding meal charge debt will be allowed to purchase a meal if the student pays for the meal when it is received.

D. A student who has been determined to be eligible for free and reduced-price lunch always must be served a reimbursable meal even if the student has an outstanding debt.

E. Once a meal has been placed on a student's tray or otherwise served to a student, the meal may not be subsequently withdrawn from the student by the cashier or other school official, whether or not the student has an outstanding meal balance.

F. The school district may provide an alternate meal that meets federal and state requirements to a student who does not have sufficient funds in the student's account or cannot pay cash for a meal. The school district will accommodate special dietary needs with respect to alternate meals. The cost of the alternative meal will be charged to the student's account or otherwise charged to the student.

G. When a student has a negative account balance, the student will not be allowed to charge ala carte items, snacks, or extras.

H. If a parent or guardian chooses to send in one payment that is to be divided between sibling accounts, the parent or guardian must specify how the funds are to be distributed to the students' accounts. Funds may not be transferred between sibling accounts unless written permission is received from the parent or guardian.

III. LOW OR NEGATIVE ACCOUNT BALANCES – NOTIFICATION

A. The school district will make reasonable efforts to notify families when meal account balances are low or fall below zero.

B. When a student account balance reaches \$0.00, families will be contacted via email notification that their account is getting low. If a family lunch account reaches a deficit, those members will not be allowed to purchase ala carte items until their account has money in it once again. At no time will a student be able to purchase ala carte items when their family lunch account reaches a deficit.

C. Reminders for payment of outstanding student meal balances will not demean or stigmatize any student participating in the school lunch program, including, but not limited to, dumping meals, withdrawing a meal that has been served, announcing or listing students' names publicly, or affixing stickers, stamps, or pins.

IV. UNPAID MEAL CHARGES

A. The school district will make reasonable efforts to communicate with families to resolve the matter of unpaid charges. Where appropriate, families may be encouraged to apply for free and reduced-price meals for their children.

B. The school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. Unpaid meal charges are designated as delinquent debt when payment is overdue, the debt is considered collectable, and efforts are being made to collect it.

C. Negative balances of more than \$100, not paid prior to the end of the month, will be turned over to the superintendent or superintendent's designee for collection. In some instances, the school district does use a collection agency to collect unpaid school meal debts after reasonable efforts first have been made by the school district to collect the debt. Collection options may include, but are not limited to, use of collection agencies, claims in the conciliation court, or any other legal method permitted by law.

D. The school district may not enlist the assistance of non-school district employees, such as volunteers, to engage in debt collection efforts.

E. The school district will not impose any other restriction prohibited under Minnesota Statutes Section 123B.37 due to unpaid student meal balances. The school district will not limit a student's participation in any school activities, graduation ceremonies, field trips, athletics, activity clubs, or other extracurricular activities or access to materials, technology, or other items provided to students due to an unpaid student meal balance.

V. COMMUNICATION OF POLICY

A. This policy and any pertinent supporting information shall be provided in writing (i.e., mail, email, back-to-school packet, student handbook, etc.) to:

1. all households at or before the start of each school year;
2. students and families who transfer into the school district, at the time of enrollment; and
3. all school district personnel who are responsible for enforcing this policy.

B. The school district will post this policy on the school district's website, or the website of the organization where the meal is served in addition to providing the required written notification described above.

C. If the school district contracts with a third party for its meal services, it will provide the vendor with its school meals policy. The school district will ensure that any third-party provider with whom the school district enters into either an original or modified contract after July 1, 2021, adheres to the school district's school meals policy.
